Prepared by: WebAuditFix.com | Data Vision IT Consulting Limited
Date: July 2026
Reference: WAF-2026-5C42FE38

EXECUTIVE SUMMARY

Website Compliance Overview

This report presents the findings of an automated compliance audit of **datavision.ie**, conducted by WebAuditFix.com in July 2026. The audit assessed 117 individual checks across six compliance domains: **Security, GDPR & Privacy, NIS2 Hygiene, Technical, SEO & AI Discoverability, and Accessibility.**

96%Overall
Compliance Score**100%**GDPR & Privacy
Score**0**Critical Issues
Found**24**Medium Priority
Fixes**74**Checks
Passed

"This site meets baseline compliance across most domains. Residual gaps should be addressed in the normal maintenance cycle to stay ahead of tightening regulatory expectations."

SECURITY — HEADER PROTECTION & TRANSPORT

Security scored **91%**. Assessed HTTP-header hygiene, transport encryption, and vulnerability-disclosure channels — baseline expectations under GDPR Art. 32 "state of the art".

No failing checks in this domain.

GDPR & PRIVACY — DATA-PROTECTION COMPLIANCE

GDPR & Privacy scored **100%**. Assessed privacy-policy presence, cookie-consent handling, and data-collection notices — fundamental Art. 13/14 obligations.

No failing checks in this domain.

NIS2 HYGIENE — VULNERABILITY DISCLOSURE & INCIDENT SIGNALS

NIS2 Hygiene scored **96%**. Assessed vulnerability-disclosure channels, structured web presence, and incident-reporting paths. Ireland transposed NIS2 via SI 360/2024.

No failing checks in this domain.

TECHNICAL — TECHNICAL HYGIENE

Technical scored **98%**. Assessed robots directives, canonical tags, metadata, and HTTP hygiene. Not regulatory — commercial visibility.

No failing checks in this domain.

SEO & AI DISCOVERABILITY — AI-AGENT READABILITY

SEO & AI Discoverability scored **46%**. Assessed Schema.org markup, llms.txt, and content shape for LLM-based research agents (ChatGPT, Perplexity, Google AI Overviews).

Check	Status	Risk Level
Article / BlogPosting Schema	Fail	HIGH
Direct Answer in Opening	Fail	HIGH
About Page with Organisation Schema	Fail	HIGH
Breadcrumb Schema	Fail	HIGH
Content Freshness Signal	Fail	HIGH

ACCESSIBILITY (EAA) — WCAG 2.1 AA

Accessibility (EAA) scored **100%**. Assessed against WCAG 2.1 Level AA. The European Accessibility Act (SI 636/2023 in Ireland) has been in force since 28 June 2025.

No failing checks in this domain.

COMPLIANCE SCORES

Domain Score Summary

Scores represent the weighted pass rate across all checks in each domain. **Below 40%** = High Risk. **40-69%** = Medium Risk. **70%+** = Low Risk.

Security	91%	LOW RISK
GDPR & Privacy	100%	LOW RISK
NIS2 Hygiene	96%	LOW RISK
Technical	98%	LOW RISK
SEO & AI Discoverability	46%	MEDIUM RISK
Accessibility (EAA)	100%	LOW RISK
Overall Score	96%	LOW RISK

RECOMMENDATIONS

Prioritised Fix Plan

Fixes are grouped by regulatory / commercial impact, drawn from the failing checks in this scan. Each item links to a per-check remediation guide at [WebAuditFix.com/standards](https://webauditfix.com/standards).

Priority 1 — Critical (Immediate)

Within 30 days

- [Article / BlogPosting Schema](#)
- [Direct Answer in Opening](#)
- [About Page with Organisation Schema](#)
- [Breadcrumb Schema](#)

Priority 2 — High (Short Term)

Within 90 days

- No medium-risk fails identified.

Priority 3 — Medium (Ongoing)

Next quarterly cycle

- Quarterly re-audit to track compliance score progress.

NEXT STEPS

Getting Started

- 1 Share this report with your web developer or IT team.
- 2 Read the per-check fix guidance at [WebAuditFix.com/standards](https://webauditfix.com/standards).
- 3 Re-run the audit at [WebAuditFix.com](https://webauditfix.com) once fixes are shipped to confirm your score.
- 4 For continuous monitoring, subscribe at [portal.WebAuditFix.com](https://portal.webauditfix.com) — monthly re-scans + change alerts.
